

# Bobby Norfolk

**A wild roller coaster ride for your imagination!**

Bobby's personal favorite — this program features an array of wild and creepy creatures. It includes the rollicking tale "There's No Such Thing as a Dragon," along with other signature stories of action, adventure and humor.

The stories are action-packed, but not too frightening for younger children. Audiences of all ages will love this program!

## Monsters, Dragons and Ogres!
